president

Dr. Benjamin H. Alexander has been a member of the CSU community since July 1, 1974. At this time he was appointed the President of the University. Previous accomplishments are numerous. Receiving his Ph.D. in Chemistry was one of the many. In coming to CSU, President Alexander stated this is "a beautiful CSU with beautiful people. Not only has the President shown his concern for the people of the University, but the environment as well. Grass and trees are now growing on the campus, adding to the friendly University atmosphere.

Chris Popp

James Fleming—Assistant to the Vice President of Student Affairs

v.p. student affairs

Dr. Eric Winston was appointed Vice President of Student Affairs on September 1, 1975. Before taking the position of CSU he was Assistant Dean and Director of Student Affairs at Michigan State University. He feels that some ideas and decisions about student affairs programs should come from the students instead of the administration.

Mattie L. Alston

v. p. academic affairs

In 1975 Dr. Allan De Guilio was approved by the Board of Governors of State Colleges and Universities for the position of Vice President for Academic Affairs.

Dr. De Guilio has spent most of his administrative and academic career in the East, for the last three years he has been Chief of the New York State Educational Department's Bureau of Higher Education Opportunity Program. He obtained his doctoral degree in behavioral sciences at New York University.

Dr. Charles Kidd began his career at CSU on August 1, 1975. At that time he was appointed as the Vice President for Administrative Affairs. Dr. Kidd has received his Ph.D. from the University of Michigan as well as holding academic and administrative positions. Before coming to CSU, Dr. Kidd was the President of the Olive Harvey Junior College.

v.p. administrative affairs

On February 19, 1976 Arthur Albert replaced Dr. Charles Kidd as Acting Vice-President of Administrative Affairs. He will hold this position until the all country search is completed for a new Vice-President of Administrative Affairs.

events

registration

pool tournament

career day

Registration is traditionally the scene of much confusion for the students, but this year proved to be less chaotic. In an attempt to help the freshman with their scheduling, their classes were blocked by the Office of Records and Registration. In the future, all students classes may be scheduled this way through the use of an "Integrated Students Information Center." Student's individual course requisites will be fed to a computer and then compared to the school's class schedule.

The Student Activities Office sponsored an "8-Ball" Pool Tournament during the summer term in the K-Building. The Tournament was open to all members of the University Center and was set up on a two out of three elimination plan. The women and men competed separately in the elimination rounds and then the first place winners vied for the overall championship. The competition was extremely close with Mike Smith coming out the winner. President Alexander presented trophies and the winner was also given a free pass to play pool for the fall semester.

Career day is an important day for all concerned with obtaining jobs after graduation. Basically, it is for past graduates and present juniors and seniors. People from the business and educational worlds are represented. This is the sixth consecutive year that Career Day has been sponsored by the Office of Career Planning. Of the thirty percent of students who use the Office of Career Planning, eighty-five percent of them are placed in jobs.

turkey trot

l.a.s.a. festival

judo tournament

All the CSU students except track members, are invited to run in the annual Turkey Trot. This is a co-ed intramural sport event which is held on campus. The course, which starts at G building and winds all around campus, features slight obstacles for runners to get through. Enthusiastic participants must run up and down stairs and through buildings before they reach the finish line. The first-place winner is awarded a 20-pound turkey, and smaller prizes are given to the runners up.

The Latin-American Students Association's first annual "Festival Latino" was held in November, 1975, in the University Center. The purpose of the evening's presentation was to show the CSU community that Latin students exist on campus. The audience was first treated to the mariachi music of "Los Embajadores de Mexico." The mariachis were resplendent in their traditional black outfits trimmed in white. They were followed by other performances which were representative of Mexico after the Spanish conquest. Also included in the program were Aztec dances in honor of the gods of fire, wind, water.

As one of the Homecoming activities, the office of Continuing Education and Special Programs presented the First Annual Chicago State University Judo Club Open Invitational Homecoming Tournament. The Tournament was co-sponsored by the Chicago Black Belt Association and sanctioned by the Amateur Athletic Union of the United States. It featured sixteen different categories, according to weight, age and rank. Eligibility was limited to Judokas from recognized associations with trophies awarded to 1st, 2nd, and 3rd place winners.

art receptions

gallery opening

rhinoceros

President Alexander's lobby has been a busy area throughout the year. Most of the year its walls and floor space have been occupied with art exhibits. The art supplied is the work of art majors currently attending C.S.U. These exhibits are a fine opportunity for the university and community to view the work of up and coming artists.

Chicago State's Art Department is proud to have its new professional Art Gallery. The gallery is located on the second floor of the D Building. The gallery opened with a show from New Guinea and is presently showing the works of Seven Figurative Artists. There are many more interesting shows yet to be presented.

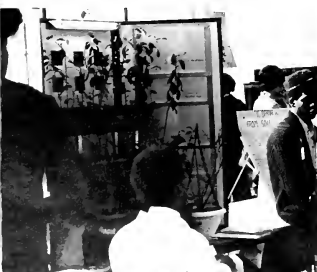

"Rhinoceros" is only one of the many plays being presented to the C.S.U. community. It is presented by Chicago State's Drama Department. The play "Rhinoceros" was directed by Dr. Dresen. This particular play deals with a man and his struggle to maintain his identity in an ever changing world.

divisional basketball game

concerts

science fair

Friday, February 20th set the stage for a most exciting basketball game here at C.S.U. The two mighty teams . . . the Division of Student Affairs and the Division of Academic Affairs. The audience included our C.S.U. Cougars and Quincy College. The end result was Student Affairs smashing Academic Affairs 31 to 20.

C.S.U. has sponsored many concerts this past year, two of which were the Duke Ellington Orchestra on October 8, 1975 and the C.S.U. Jazz Ensemble on January 23, 1976. Mercer Ellington conducted the orchestra on October 8th in a style much like his late father. On January 23rd Bunky Green conducted the jazz ensemble in an excellent concert.

Chicago State University was the host of the Regional Science Fair for 1976. The fair included schools located on Chicagos' south side. It was held in C.S.U.'s recreation center. The fair consisted of projects such as the growth of cancer cells to theories on ultra-violet rays and plant growth.

duke ellington

homecoming

gov. walker

October 8, 1975 saw Mercer Ellington conduct the Duke Ellington Orchestra in a most captivating performance. The concert was open to the community and gathered mostly a middle aged audience. Much of the music was presented in the traditional manner. The performance captured everyones heart.

"Step Into Tomorrow", and here you are, Homecoming 1976. Chicago State University's homecoming was held at the Pick Congress Hotel. Faculty, students and their dates stepped to the jazz combo "Van Freeman" before dinner, and after dinner jived to the sound of Snatch Inc.

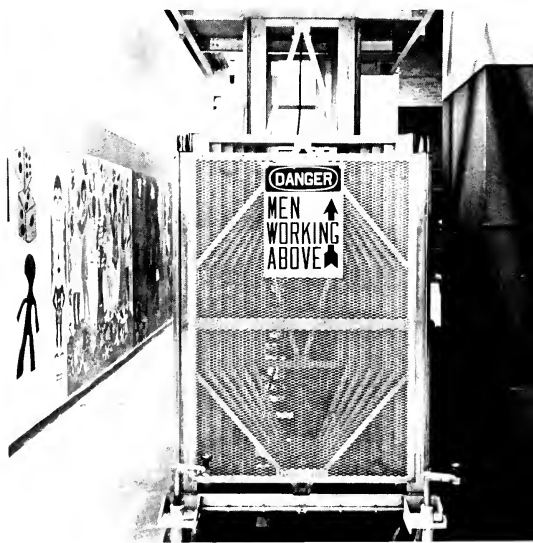

Governor Daniel Walker did some brief campaigning on Chicago State's campus. He also went on a 25 minute tour of the campus. Governor Walker was greeted by Dr. Eric Winston, Vice President for Student Affairs and a large group of students. the Board of Governors also were on campus for a meeting the same day.

"You are asking me questions
and I hear You, I answer that
I cannot answer, You must find
out for Yourself." Walt Whitman

It is human nature to
question. This is what we have
been doing since time began.
What we must learn is that
we have to find the answer
for ourselves. This is
accomplished by doing what
we think and feel is right.

Cathy King

Mati Maldre

Advisor

John Lennon sings: "I saw the photograph."
Rod Stewart sings: "Every picture tells a story."
Simon and Garfunkel sing: "I have a photograph, man."

We are living in a visual era, and in both science and
the arts documentation has become second nature
"I have a new house, a baby, a friend—would
you like to see the photograph. . . .?"

"The conscientious photographer uses his apparatus to establish his relationship to his time and capture the moment on light sensitive films and to record his personal love of the period; and those who were successful in transcending the merely technical aspects of their image producing instruments have provided us with personal and inspired documents of their time and have left the realm of anonymity by the consistency with which they carried through their ideas."

farewell

Another year has gone by and it's time again to say farewell and give special thanks to those deserving:

Special thanks to Melvin Denton for his photographic assistance, Vicky Remiasz, my extra right arm, and Mr. Mati Maldre, our advisor. Mati's help and professional assistance inspired us to produce one of the best editions of Emblem yet to be published.

The staff hopes that the entire C.S.U. community enjoys "Emblem 1976." The staff gave its all to make this a most visually exciting book.

We also take this opportunity to welcome all of Chicago State University's new administrators.

And finally, farewell to all of the 1976 graduates. Emblem wishes them the best of luck and all the success possible in their future endeavors.

Debbie Aycock
Editor-in-Chief
